(B) protection for production losses.

(3) Purpose of programs

To the maximum extent practicable, the Corporation shall evaluate the greatest number and variety of pilot programs described in paragraph (2) to determine which of the offered risk management tools are best suited to protect livestock producers from the financial risks associated with the production and marketing of livestock.

(2) Establishment

(A) In general

Beginning with the 2002 crop year, the Corporation shall establish a pilot program under which approved insurance providers may propose for approval by the Board policies or plans of insurance with reduced rates of premium—

- (iii) the size of the proposed pilot area is adequate;
- (iv) the proposed policy or plan of insurance would not unfairly discriminate among producers within the proposed pilot area;
